

Do you have a child with autism who will be transitioning into kindergarten or secondary (middle/high) school in 2018?

If the answer to this question is **yes**, you may be eligible to participate in a research study.

Building Better Bridges (BBB): *What is this study about?*

We want to help your child transition throughout the school system more successfully. All participating families will receive a package of transition tools to aid the transition process. Families will be randomly assigned, like the flip of a coin, to an intervention group that will receive coaching from research staff, or a control group that will receive only the transition tools.

What will I receive from my participation?

You will receive a \$25 gift card each time you complete questionnaires at 4 distinct time points, for a total of \$100 over the 10-month study.

For more information, call 310-825-4775

We look forward to hearing from you!

This research study is funded by HRSA and is conducted by Connie Kasari, Ph.D. (UCLA)
